Committee Foundation

Press Release

11 March 2008

Three Trustees appointed

The International Accounting Standards Committee (IASC) Foundation announced today the appointment of three Trustees:

- **Robert Glauber**, retired chairman and chief executive officer, NASD (the private sector regulator of the US securities market), and former Under Secretary of the Treasury for Finance, United States
- **Pedro Malan**, former Finance Minister and former president of the Central Bank of Brazil, and currently chairman of the board of Unibanco
- **Luigi Spaventa**, former chairman of the Commissione nazionale per le società e la borsa (Consob) and former Minister of the Budget, Italy.

The appointments mark the completion of an international search and carry the support of the Trustee Appointments Advisory Group. The search focused on identifying candidates with experience, at the highest levels in the public and private sectors, with issues associated with international capital markets. The appointments fill vacancies created by the retirement of William McDonough of the United States, Roberto Teixeira da Costa of Brazil and Kees Storm of the Netherlands, respectively. (Brief biographies of the three new Trustees and a description of the appointment process are included in the Note to Editors.)

In announcing the appointments, Gerrit Zalm, chairman of the Trustees, said:

We are delighted that Robert Glauber, Pedro Malan and Luigi Spaventa have agreed to join the Trustees. All three bring enormous experience on issues related to the effective functioning of the world's capital markets. The Trustees are playing an important role in encouraging the adoption of International Financial Reporting Standards and ensuring the public accountability of the organisation, and I am sure that Bob, Pedro and Luigi will make a strong contribution to the organisation in fulfilling our duties.

Paul Volcker, chairman of the Trustee Appointments Advisory Group, added:

The Advisory Group believes that the Trustees have identified three particularly well-qualified individuals with relevant experience at a critical time for the organisation. We congratulate the Trustees for having conducted an open and thorough process to replace those leaving the organisation.

Criteria for selecting Trustees

The IASC Foundation has adopted the following guidelines for the selection of Trustees, as set out in its Constitution:

- 5 The Trustees shall be responsible for the selection of all subsequent Trustees to fill vacancies caused by routine retirement or other reason. In making such selection, the Trustees shall be bound by the criteria set forth in Sections 6 and 7 and in particular shall undertake mutual consultation with international organisations as set out in Section 7, for the purpose of selecting an individual with a similar background to that of the retiring Trustee, where the retiring Trustee was selected through a process of mutual consultation with one or more international organisations.
- 6 All Trustees shall be required to show a firm commitment to the IASC Foundation and the IASB as a high quality global standard-setter, to be financially knowledgeable, and to have an ability to meet the time commitment. Each Trustee shall have an understanding of, and be sensitive to the challenges associated with the adoption and application of high quality global accounting standards developed for use in the world's capital markets and by other users. The mix of Trustees shall broadly reflect the world's capital markets and a diversity of geographical and professional backgrounds. The Trustees shall be required to commit themselves formally to acting in the public interest in all matters. In order to ensure a broad international basis, there shall be
 - (a) six Trustees appointed from North America;
 - (b) six Trustees appointed from Europe;
 - (c) six Trustees appointed from the Asia/Oceania region; and
 - (d) four Trustees appointed from any area, subject to establishing overall geographical balance.
- 7 The Trustees shall comprise individuals that as a group provide an appropriate balance of professional backgrounds, including auditors, preparers, users, academics, and other officials serving the public interest. Two of the Trustees shall normally be senior partners of prominent international accounting firms. To achieve such a balance, Trustees should be selected after consultation with national and international organisations of auditors (including the International Federation of Accountants), preparers, users and academics. The Trustees shall establish procedures for inviting suggestions for appointments from these relevant organisations and for allowing individuals to put forward their own names, including advertising vacant positions.
- 8 Trustees shall normally be appointed for a term of three years, renewable once: in order to provide continuity, some of the initial Trustees will serve staggered terms so as to retire after four or five years.
