IFRS Preparers - Auditors Sought for IFRIC

Member, International Financial Reporting Interpretations Committee

The Trustees of the International Accounting Standards Committee (IASC) Foundation invite applications from suitable candidates to fill four vacancies on the International Financial Reporting Interpretations Committee (IFRIC).

The IFRIC is the interpretative body of the International Accounting Standards Board (IASB) and consists of twelve voting members under the non-voting chairmanship of IASB member Robert Garnett. The role of the IFRIC is to interpret the application of International Financial Reporting Standards (IFRSs) to ensure consistent accounting practices throughout the world and to provide timely guidance on financial reporting issues not specifically addressed in IFRSs, within the context of the IASB's Framework.

In making these appointments, the Trustees will place special emphasis on a candidate's ability to identify and address issues concerning the practical application of IFRSs. The Trustees are seeking two individuals with senior experience with an international accounting firm and two individuals from the corporate community who are responsible for the preparation of financial accounts according to IFRSs.

The Trustees will appoint **four members** to the IFRIC to serve for a term that will expire on 30 June 2010. Members are eligible for reappointment. Members are expected to attend about six two-day meetings each year held in London. Membership is unpaid, but the IASC Foundation meets members' expenses of travel on IFRIC business.

*Please indicate interest by sending a cover letter and curriculum vitae by 9 **March 2007** to Tom Seidenstein, Director of Operations, IASC Foundation, 30 Cannon Street, London EC4M 6XH, United Kingdom, email: tseidenstein@iasb.org*
