

TRUSTEE
Asia-Pacific Region
IASC Foundation

The International Accounting Standards Committee (IASC) Foundation is the private sector independent body responsible for the development and promulgation of a single set of high quality international accounting standards. Nineteen Trustees of the International Accounting Standards Committee (IASC) Foundation, chaired by Paul A. Volcker, provide oversight for the Foundation and the International Accounting Standards Board (IASB). The IASB is the 14-member body responsible for the development of international accounting standards.

The Trustees of the IASC Foundation wish to appoint as a Trustee an individual resident in the Asia-Pacific region with senior experience in the field of accounting. The appointment of this position will occur following nomination from and mutual consultation with the International Federation of Accountants (IFAC). The appointment will be to complete a term expiring 31 December 2004. Terms can be renewed for a further three years.

Qualified candidates should be committed to the IASB's mission as a high quality global standard-setter, be financially knowledgeable, and be able to meet the time commitment. Trustees are expected to have an understanding of, and be sensitive to, international issues relevant to the success of an international organisation responsible for the development of global accounting standards for use in the world's capital markets.

Trustees' responsibilities include ensuring financing for the organisation; appointments to the IASB, the Standards Advisory Council and the International Financial Reporting Interpretations Committee; and general oversight of the organisation.

Please indicate interest by sending a cover letter and curriculum vitae by 30 June 2004 to Paul A. Volcker, Chairman of the Trustees, IASC Foundation, 30 Cannon Street, London EC4M 6XH.
