Dear Sir/Madam,

Subject: Invitation to a Technical meeting on Classification and Measurement of Financial Instruments. Brussels, 20 April 2010.

We would like to invite interested stakeholders to participate in a **Technical Assessment Meeting** (Insurance Sector) on the reform of international accounting rules applying to financial instruments - *Classification and Measurement (IFRS 9)*-, which will be held in Brussels on Tuesday, 20th April 2010 (from 14.00h to 17.30h) at DG MARKT's premises, rue de Spa, 2, Brussels, *Salle Prestige*.

A series of four sectorial **assessment meetings** will be organised in April addressing the perspectives of main stakeholders: the banking sector; the insurance sector; auditors and public authorities; and investors and other stakeholders.

This initiative is part of the on-going consultation effort, data gathering and analysis that the Commission is carrying out in close cooperation with EFRAG. It builds on the stakeholders' meetings held in July and October 2009.

We invite EU stakeholders to contribute to the Technical Assessment Meeting with concrete, well-determined views, and to put forward possible technical solutions as applicable, ideally representing the position of your industry.

We would appreciate if you would confirm attendance as soon as possible and not later than 31 March (for logistical reasons, we can only accommodate one or two persons per organisation). If you intend to prepare a written contribution/comment, please send it to us in advance, not later than 14 April, so that we can arrange for distribution, hard copies, etc.

Jeroen Hooijer
